### Part 1

Dear Mr and Mrs Kellermann,

I am now back home in Glasgow, but I cannot help thinking about my year with you every day. I had a great time in Konstanz, and you are a terrific family. You have two wonderful kids. Your son Andreas has a great sense of humour, and Amelie is such a cute little girl. As for my job, I really liked cooking for you because that is my hobby anyway. However, throughout my entire life I have hated cleaning, but that is not your fault, of course. On the other hand, I thoroughly enjoyed Konstanz because of the lake, the mountains and Switzerland, which are all quite close. There are so many things to do around the lake, especially in the summer. The only negative thing about Konstanz is that it takes very long by train to get to other parts of Germany from there. All things considered, because of the great experience I had in your family I would definitely like to be an au pair again in the future.

Take care,  
Sally

### Part 2

For a number of reasons autumn is my favourite season. First, I really dislike extreme temperatures in hot summers and chilly winters. I prefer the mild temperature of early autumn. Second, I am very fond of the wind that you typically get in autumn because I thoroughly enjoy taking walks outside with the strong autumn wind blowing right in my face. This always makes me feel truly alive. Moreover, I have enjoyed flying kites ever since I was a small child. And the best season for flying kites is undoubtedly autumn. Last but not least, I am always thrilled by how trees and plants change colour in autumn. Of all the changes happening in nature during the four seasons there is nothing that I admire more than the short period of time in autumn when the leaves of the trees turn red, yellow or brown.
