a) My Favourite Sport

Basketball is my favourite sport. I started to play basketball two years ago. I learned the rules of the game in PE¹ at school. When I started to play, I wasn't very good, but I got better. I also like to watch basketball on TV, especially American basketball teams because they are the best in the world. My favourite American player is Michael Jordan, who doesn't play anymore and LeBron James, who plays in the NBA for the Los Angeles Lakers. My coach is Mr. Heller. He is funny, but he also wants us to train seriously.

b) A Relaxing Weekend

Hi, ...!

How are you doing? I am not feeling very well today. I have a sore throat, and my body aches. That's why I would like to have a relaxing weekend. I would like to go to bed early and sleep late. That will probably already help. Then I would like to take a long walk in the woods and get some fresh air and sunshine. I'm sure that that will help me get well again. When I am home again, I'd like to drink some hot tea and read a book. How does that sound to you? If you'd like to have a relaxing weekend, too, please come and spend it with me. That would be very nice. Looking forward to hearing from you!

Your friend, ...

Part 2

a) Short Story

It's morning, and I have to go out. Why do humans always sleep so long? Finally, someone's getting up, puts my leash on, and opens the door. It's a beautiful day, and there is lots to smell. I pull on my leash because I am in a hurry to smell more. When we get back home, it's time to eat. After that, I am tired, so I jump up onto the couch where one of my humans is. I lay my head on their lap and let them pet me. That's nice, especially behind my ears. I soon fall asleep. When I wake up again, I want to play. I search for my ball and bring it to a human, who throws it several times so that I can run and bring it back. I like this game. A dog's life is good.

b) My Future in Ten Years' Time

In ten years' time, I will be 26 years old. I will have a good job by then. I will work as a media designer at a well-known company and will earn lots of money because I am so creative. I will live in a big city, maybe Berlin, in a beautiful loft. I will have a boyfriend but won't be married or have any children. I will wait with both of those things until I am a little older. My boyfriend and I will go out in Berlin a lot. We'll go out to eat and to clubs. We'll also have lots of friends that we'll spend time with often. I can't wait to be independent and free.
