#### a) Letter to a Friend

Dear ...,

I have found my dream job! Really! I went to a job fair last weekend. There were many stands there. It was very interesting. I talked to lots of people about their companies and the job opportunities there. Many of them were interesting, but I found the one I like most at a big truck. You won't believe what it is. It is the Bundeswehr – the German army! Yes – they offer so much: good pay, good working hours, lots of holidays, and you can retire when you are 50! I like working in a team, so it's perfect for me. There are so many things you can learn there. You can even study if you want. I am going to get more information about this and tell you more when I do. Right now, I'm very interested!

Maybe you'd like to look into it, too?

Can't wait to see you soon!

Your friend ...

Dear Mr Miller,

I am very interested in your summer job offer at your supermarket. I am 16 years old and live in Germany. I have been learning English for 9 years now and I am quite good. I will be finishing school soon and would love to spend the whole summer in England, where I would be happy to work at your supermarket in July and August. I worked on a farm in France in my last summer holidays to improve my French. My favourite subjects are maths and PE, and I am interested in soccer and photography. Next to my good English skills, I also speak French quite well. This might be useful at your supermarket.

Enclosed, you will find my last grade card for your information.

I am looking forward to hearing from you.

Sincerely,  
Philip Applicant

### Part 2

#### a) My Pet

We have a dog. She is a golden retriever. Her name is Glory. She is now 10 years old. We got her when she was 8 weeks old. She was very small then. We played with her and trained her. She has blond hair and is beautiful. She likes to fetch her dummy when we throw it or find it when we hide it. Glory is a very friendly dog and would never bite. She likes to go on long walks, especially with her dog friend Nick. When Glory was younger, she was more active. Now, she sleeps a lot and is much calmer. It's nice having a dog because she's always happy to see me when I come home from school. Sometimes, I just lay with my head on her stomach and rest with her. Dogs are great!

### b) Visit to New York City

We have learned a lot about New York City in our English lessons. It sounds like a great place to go, and I hope that I can go there one day. We learned about a lot of sights in New York City. If I went to New York City, I'd surely take the Staten Island ferry to Ellis Island to see the Statue of Liberty. The Brooklyn Bridge and the Empire State Building are two more sights that I'd like to see. I would also like to go to the 9/11 memorial at Ground Zero, where many people who died in the World Trade Center attacks are still laying. It might also be interesting to visit the United Nations headquarters.

Of course, I want to walk through Central Park, too, and there also are so many interesting museums.

There is so much to do in New York City that I think I will have to go more than once to see everything!

#### Email/letter

Hi, Tim!

Thanks for the e-mail you sent me yesterday. I'm sorry to hear that you and your girlfriend are having problems. I hope that you'll be doing better soon.

I wanted to tell you that I bought a new laptop last week. It has been fun using it. I found this chat room with lots of interesting people in it. I met a nice Spanish guy. The cool thing is that he and I chat in English because he doesn't speak German, and I don't speak Spanish. It's neat to use English to speak to a non-English speaker. Have you ever been in a chat room? We learned how to surf the Internet at school. Is that the same with you?

I am looking forward to your next e-mail.

Your friend, ...
