D. Text Production

The best thing about your home town

The best thing about my home town is our Chocolate Museum. It is part of the big and famous chocolate factory located in my home town.

In the museum you learn about how chocolate is made. Moreover, the museum offers "chocolate workshops" in which children and teenagers can create their own chocolate. You can even take the chocolate home and eat it. This is really why the museum is the best thing about my home town. In fact, the museum is well known even far beyond my home town, and a lot of people think it is one of the greatest tourist attractions in our region.

Write a text about the picture

In the picture there is a short-haired young boy in a white T-shirt with a logo printed on its front. He is holding a cornet with about 10 ice-cream scoops placed on top of each other.

The boy's mouth is wide open and both his eyes are focused on the top of the scoops. The expression on his face reflects excitement and worry, probably, because he is afraid that he may not be able to keep balancing the scoops and that they might soon fall to the ground. In fact, this is what will possibly happen next.
